2018/19 Year 6 cohort:

By the end of summer 2019, 95% of pupils met the National Curriculum and were able to:

- *swim competently, confidently and proficiently over a distance of at least 25 metres*
- *use a range of strokes effectively*
- *perform safe self-rescue in water-based situations*

This is of particular achievement because at least 7 pupils had joined Furzedown late within their Education journey, having not previously taken part in regular swimming activities.

Published statistics at the end of the academic year 2018/19 show that levels of childhood obesity within Wandsworth are at 34%, whilst Furzedown holds a much lower rate of 24%.

Looking forward to 2019/20, we are considering the following developments...

- Hosting more inter and intra-school competitions for all year groups within our school.
- Broadening the range of year groups taking part in new Sports.
- Increasing participation and enjoyment of sports and games during playtimes by introducing a weekly challenge.
- Offering Y5 children the opportunity for a residential trip for the second year running.
- Increased participation for all pupils by appointing Sports ambassadors who will encourage active playtimes via weekly challenges.
